# villa

*Fastest heating for your bathroom.*

[www.aklimat.si](http://www.aklimat.si)

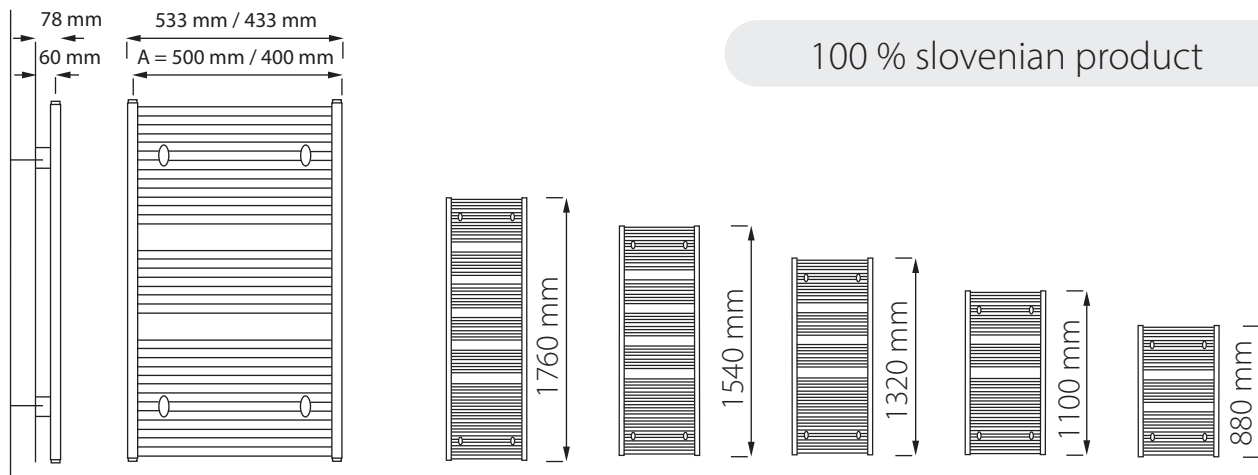

Villa is a premium line of bathroom radiators that will impress you with extremely fast heating of your bathroom. One of the outstanding features of this line is the extremely fast heating all thanks to a special material that outperforms the traditional sheet metal radiators. Villa reaches the desired temperature more than a third faster, which enables a more pleasant heating in your bathroom.

## DIMENSIONS of Villa

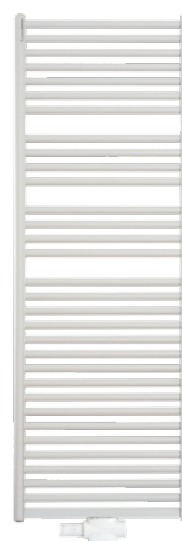

Feel the power of our **aluminium radiators**.

100 % slovenian product
